Dear Members of the FOIA Council,

I am a resident of Woodbridge, Virginia and am writing to express my support for HB2196 as currently drafted. Public access to police disciplinary records is critical to police accountability and building public trust. I also believe it's important to have access to records of both substantiated and unsubstantiated allegations. The release of these records would be absolutely crucial to the future of our community, and I sincerely hope that change will be made through the analysis of these documents.

Please support this important reform,
